Do you like to pitch in and get things done? Do you enjoy working outside alongside like-minded people? Use your interest and enthusiasm for the outdoors to help inspire and encourage the community to get involved in local salmon habitat restoration efforts. Help lead volunteer work parties and assist the Skagit Fisheries Enhancement Group in its efforts to engage community volunteers in stewardship activities for local conservation efforts. Interns will be able to build their leadership and organizational skills while giving back to the local community.

**Qualifications**

Applicants should have a background and interest in **native plants/horticulture, community service, outdoor recreation, and/or salmon**. Help coordinate Saturday volunteer work parties at salmon habitat restoration projects in the Skagit and Samish River watershed. Help maintain our Native Plant nursery, learn about irrigation and propagation. Must be willing to work outside in all types of weather, able to lift and carry up to 40 lbs, and walk on uneven ground.

**Time Commitment**

This is a **volunteer** internship that requires a time commitment of at least **one weekday (Mon-Thurs)** in February and **Saturday per week in March**, **from 7:00 AM to 3:00 PM**. Hours will vary depending on your availability and internship requirements, but typically about 80 hours.

**Interested?**

Please contact Rachael West at 360-336-0172 for more information. To apply, submit a letter of interest, resume and weekend availability to lrwest@skagitfisheries.org. More information at: www.skagitfisheries.org
