

Board of Directors Recruitment Announcement

October 2015

*The Skagit Fisheries Enhancement Group
is seeking new board members!*

Use your interest and enthusiasm for a beautiful Skagit Valley to help inspire and encourage community stewardship and involvement. Join the Skagit Fisheries Enhancement Group Board of Directors and be part of our nonprofit efforts to provide free environmental education programs in schools for kids and engage community volunteers in stewardship activities for local salmon conservation projects. Share your leadership skills and join a fun group of board members, volunteers and members in ensuring our streams and rivers are healthy and clean for salmon, kids, pets and future generations.

Qualifications

No prior knowledge about salmon or nonprofit boards is necessary, just an interest and willingness to participate in discussions and provide your input and expertise. Currently we are especially seeking board members that are interested in joining our Development Committee. The Development Committee works on strategic initiatives related to Communications, Marketing, Fundraising and Community Outreach. Community members with experience, knowledge or interest related to **Marketing, Communications, Graphic Design**, or related fields are encouraged to contact us.

Time Commitment

Meetings are once a month for 2 hours on the 4th Tuesday of the month at SFEG's Office in Downtown Mount Vernon. As a Board member we expect Directors to attend these monthly meetings, as well as be an active participant on at least one committee. Current committees include: Development, Habitat Restoration, Finance, and Education.

Interested?
