The mission of the Skagit Fisheries Enhancement Group (SFEG) is to educate and engage Skagit communities in habitat restoration and watershed stewardship. Our purpose is to improve wild salmon populations and foster an environmental stewardship ethic in Skagit watershed.

The Environmental Education Intern will assist SFEG education and outreach efforts by contributing to classroom and field instruction for K-12 programs throughout Skagit County. Spring content will focus on salmon ecology and freshwater habitat restoration.

**Qualifications:**

- General knowledge of and interest in stream ecology, salmon biology, and salmon habitat
- Comfortable working with children
- Comfortable working outdoors in adverse weather
- Organized, collaborative and reliable worker
- A reliable vehicle and clean driving record
- Able to pass a background check.

Internships are available September – June, and coincide with a quarterly academic calendar. This is a volunteer position, however mileage reimbursement from our Mount Vernon office to a site or school may be considered if a personal vehicle is used.

To apply submit a letter of interest, resume and weekday availability to education@skagitfisheries.org. More information is available at: www.skagitfisheries.org

The Skagit Fisheries Enhancement Group is a nonprofit, tax-exempt charitable organization (tax ID# 94-3165939) under Section 501(c)(3) of the Internal Revenue Code.
