

AmeriCorps Position Announcement

Education & Outreach Associate

Skagit Fisheries Enhancement Group seeks an individual to fill a Washington Service Corps Individual Placement position. Skagit Fisheries Enhancement Group is a private non-profit organization dedicated to the restoration and protection of salmon resources. Our goals are primarily met by educating and involving the community in hands on stream restoration activities. This position assists with environmental education activities related to salmon habitat enhancement. The position entails delivery of education and outreach programs and coordinating volunteer opportunities for kids and adults.

Pay: Monthly stipend of \$3,723.81 through AmeriCorps program

Duration: September 3, 2026 – July 15, 2027

Benefits: Health Insurance provided by AmeriCorps program. After completing 1700 hours of service an education award of \$7,395 is available from AmeriCorps

Requirements:

- Must be at least 18 years old at time of enrollment
- Must reside in Washington State at time of enrollment
- Must be able to provide own transportation (mileage will be reimbursed)
- Must be willing to commit to 40 hours per week for the entire duration of the placement
- Interest and education related to environmental education
- Knowledge of (or interest in learning) salmon and watershed ecology
- Excellent organizational skills and communication skills (both written and verbal)
- Comfortable using Microsoft Office and Google programs (Word, Excel, PowerPoint)

Responsibilities and Duties:

- Assist with the development of school-based education programs in local watersheds
- Deliver educational programs for students both in and out of the classroom
- Implement Salmon in the Schools program by organizing classroom activities for 3rd-6th grade students as well as coordinating field trips and service projects
- Lead volunteers in riparian planting activities to restore local salmon streams
- Manage and supervise student interns assisting with education programs
- Help coordinate and carry out community volunteer work parties

- Assist with occasional field monitoring (spawner surveys and vegetation surveys)
